Please show originals with this application. If you do not qualify for above, please show most recent two months of pay stubs.

Number of people in household: \_\_\_\_\_

All information is kept confidential between the YPO officers and the studio owners. We respect your financial privacy.

In order to be eligible for a scholarship and to maintain the scholarship the following must apply:

- 1) The student maintains good discipline during all studio events, including but not limited to classes, recitals, and performances. The student must follow the rules set by the studio.
- 2) The student has no more than three unexcused absences during the dance year (September through June). The third absence will prompt a written warning. At the fourth absence the student loses the scholarship so that someone else may benefit.
- 3) The applicant must pay their portion of tuition by the first of the month. The applicant is responsible for late fees; late fees are not covered by the scholarship. Non-payment of tuition and fees will result in loss of the scholarship.
- 4) The applicant must pay the registration and recital fees.

Applicant Statement: Please tell us about your reason for needing a scholarship. Include why the performing arts are important to you.
